FOREWORD

The present questionable state of world affairs makes any plans for the future subject to the possibility of many radical changes. Yet, in the very shadow of this dark and ominous threat to all the ways of life that we hold dear, we are graduating and preparing to embark; each on his own path of life, to our future and whatever it holds for us.

Much time has been spent in the preparation of this book, so that no matter where we may be, the memories of our two years at the Stockbridge School will always be at our fingertips.

Schoolmates, faculty members, and all of the little incidents which make college life what it is, have all been trapped and implanted in these pages, to travel with us as we go forth, each to do his part and receive his just reward.

Professor Lindquist

Professor Harry Gotfred Lindquist (known to most of us as "Lindy") came to the Massachusetts Agricultural College as a freshman in 1916 from Holden, Massachusetts, where he had been reared on a farm—a sound foundation for his future profession in agricultural education.

With the outbreak of World War I, he served in the famous 26th Infantry Division in Europe where he was wounded in action.

After the war, Professor Lindquist returned to the Massachusetts Agricultural College, and was graduated in 1922. Two years later he received his Master of Science degree from the University of Maryland, where he had served as a graduate assistant in the dairy department. After teaching dairying for a year at Maryland, he spent two more years as a graduate assistant at Ohio State University.

In 1927, Professor Lindquist was called back to his Alma Mater as instructor in dairying, to teach market milk, butter and cheese making. During the twenty-five years that he has been on the

faculty, he has given unsparingly of his time and energy to his students. Because of his interest in student activities and in high quality dairy products, he has been active in coaching our dairy products judging teams. In addition to his teaching responsibilities, he has found time to do research work, as is evidenced by his contribution of articles on food and dairy subjects in scientific journals and trade papers.

Secretary of the Eastern Section of the American Dairy Science Association, and past chairman and present vice-president of the Massachusetts Milk Inspectors' Association, Professor Lindquist is held in high esteem by the dairy industry throughout the State.

In dedicating the 1952 Shorthorn to Professor Lindquist, the Stockbridge School is proud to honor one of its finest teachers—a man who has given enthusiastically of his best to Stockbridge men and women.

William S. Mueller

DEDICATION

PRESIDENT'S MESSAGE

Ralph A. Van Meter

To the Stockbridge Class of 1952:

As you leave this campus that has been your home for two years you will break many relationships that have meant much to you. In the rush of living your attention will turn more and more to other things and as the years pass you will prize more and more highly a volume such as this that recalls a time that you will recognize as days apart, days that marked turning points in your lives.

This yearbook is a memorial to your Stockbridge days. It is written by you fellows to preserve the memories of Stockbridge. Many of the things that have been brought together here in print and picture are things of which each of you was a part. They will bring to mind countless other more intimate recollections of a very personal nature.

We believe that it will make your lives more enjoyable if you make an effort to maintain the contacts you formed in Stockbridge in these days when you had so much in common. The Alumni Association is organized to help you and deserves your earnest support. You can become a life member of the Stockbridge family in which you will be

associated with many of the leaders in Agriculture in the Northeastern states.

You leave the campus to face a future full of uncertainties. This is not so unusual as it seems to you. Most of us have had that experience and we have seen many other classes graduated into complex and tangled situations. We know that somewhere there is a place for each of you. Your services are needed and with a sound training to your credit you should look to the future with confidence in your ability to forge ahead just as long as you keep on learning and trying to meet situations fairly as they arise. Times of stress often afford the greatest opportunities to those who are able and who are willing to try.

We who are to remain on the campus are still interested in you and in your progress. We hope you will keep your memories of Stockbridge green and that you will maintain your contacts with us and with your classmates. Remember that whatever you do and wherever you go you have our best wishes—always.

DIRECTOR'S MESSAGE

Roland H. Verbeck

With the publication of this yearbook of the class of 1952, you are adding your names to the long list of graduates of Stockbridge who have preceded you since the first class of 1920 completed its formal schooling here. That first graduating class numbered slightly more than a dozen students while the class you represent will add to the alumni body more than ten times that number.

It is our sincere hope that this increasing manpower we are sending forth each year into the blood stream of the nation will prove its value. We are confident it will.

But with all the training you have secured here, there must be one factor in each man's spiritual development without which no true success can ever be achieved in life. What this is can best be suggested in the simple prayerful words of Abraham Lincoln in his farewell to his neighbors in Springfield, Illinois, upon his departure for Washington in 1861, as he was facing the problems of an impending civil war.

"My friends: No one, not in my situation, can

appreciate my feeling of sadness at this parting. To this place, and the kindness of these people, I owe everything. Here I have lived a quarter of a century, and have passed from a young to an old man. Here my children have been born, and one is buried. I now leave, not knowing when or whether ever I may return, with a task before me greater than that which rested upon Washington. Without the assistance of that Divine Being who ever attended him, I cannot succeed. With that assistance, I cannot fail. Trusting in Him who can go with me, and remain with you, and be everywhere for good, let us confidently hope that all will yet be well. To His care commending you, as I hope in your prayers you will commend me, I bid you an affectionate farewell."

Such leaders as Washington and Lincoln have bequeathed to us the America we are privileged to live in today. But they have always recognized that God's help alone could sustain them through their crises of danger and despair.

More than ever men of such calibre are needed today. How will you face the challenge?

STORY OF LEVI STOCKBRIDGE

Levi Stockbridge

Levi Stockbridge was born on a farm in Hadley, Massachusetts, March 13, 1820. After attending the district school and Hopkins Academy, his keen intellectual curiosity drove him to spend his evenings and rainy days in further study. For several winters he taught the district school and in the local Lyceum he trained himself as a speaker and writer. When the responsibilities of the home farm fell to him, he saw clearly the need of improved farming methods and of greater knowledge of underlying scientific principles. He studied all available works on agriculture and early made a reputation as a pioneer in agricultural experiments.

For many years he served in the State Legislature. As a member of the State Board of Agriculture he was among the first to work for the establishment of the Massachusetts Agricultural College. When the college took form in 1867, he became farm superintendent and teacher of agriculture. His

experience as a farmer and in business helped him in shaping courses for his students which combined classroom lectures with practical farm work. Friend and counselor of "his boys," he won the respect and affection of all students.

He was Professor of Agriculture from 1869 to 1880 and President of the College 1880-82. During these years he investigated the value of soil mulch and the leaching of plant food. His experiments with fertilizers led him to develop the Stockbridge Formulas which for the first time supplied crops with nitrogen, phosphoric acid and potash in one complete fertilizer. His first \$1000 in royalties from the Stockbridge Formulas went into experimental work which laid the foundation for the Massachusetts Experiment Station.

He resigned from the College in 1882 but was a firm advocate of cooperative enterprise and active in all town affairs until his death in 1904.

—Charles H. Thayer.

Editor's Note:

The Stockbridge School of Agriculture, the two-year agricultural school at the University of Massachusetts, proudly bears the name of this great man and, since its establishment in 1918, continues to be a living memorial to a great personage in American agriculture.

GRADUATES

Each of us has his own special way of trodding the road of life. But whatever be the way and wherever it may lead, let us not fail to realize the value of our school days, the companionship of friends good and true, and above all the place and personalities through which we gained a wealth of knowledge to face the future.

WILLIAM B. ALLENCHY

"Bo"

Northampton

Major: Ornamental Horticulture; *Placement:* H. A. Mathieu, North Amherst; *Activities:* Horticulture Club 1, 2; Hort Show 1, 2; *Future Plans:* Horticulture is his business; hunting is his hobby. Let's hope he gets to enjoy both.

RICHARD E. ABBOTT

"Dick"

Whitman

Major: Ornamental Horticulture; *Placement:* Arnold Arboretum, Boston; *Activities:* Student Council 1, 2; Dance Committee 1, 2; Hort Show 1, 2; Kappa Kappa 1, 2; Horticulture Club 1, 2; *Future Plans:* Dick enjoys outdoor water sports, and he hopes to own his own nursery business someday.

DAVID W. ALLEN

"Dave"

Waban

Major: Vegetable Growing; *Placement:* Lookout Farm, South Natick; *Activities:* Hockey 1, 2; Hort Show 1, 2; Olericulture Club 1, 2; *Future Plans:* A market garden farm is the goal set by Dave. Good luck to you.

PAUL AUCLAIR

"Oogie"

Somerset

Major: Animal Husbandry; *Placement:* Reg-Rig Farm, New Braintree; *Activities:* Animal Husbandry Club 1, 2; Alpha Tau Gamma 1, 2; Little International 2; Dairy Classic 2; Bowling; I.F.C. 1, 2; *Future Plans:* Oogie likes Holsteins and plans to have his own farm.

CONRAD A. BASSETT

"Connie"

Pittsfield

Major: Poultry; *Placement:* Coburn Poultry Farm, Tyngsboro; *Activities:* Poultry Club 1, 2; *Future Plans:* "Connie" is not very talkative, but we hope everyone will talk about the White Leghorns he plans to raise.

HOWARD BATES

"Hutch"

Dudley

Major: Animal Husbandry; *Placement:* (Home farm in Dudley); *Activities:* Animal Husbandry Club 1; Little International 2; Dairy Classic 2; *Future Plans:* "Hutch" has decided to take a hitch in the Coast Guard, and afterwards operate his father's farm.

SUSAN JANE BEAR

"Sue"

Beverly

Major: Floriculture; *Placement:* White and Johnson, Wakefield; *Activities:* Dance Committee 1, 2; Floriculture Club 1, 2; Hort Show 1, 2; *Future Plans:* We doubt if a pretty girl like Sue will be single for very long, and unless she marries into the florist business, her floriculture knowledge will be put to use in beautifying the grounds around her home.

KENTON ANDRE BEAUJEAN

"Ken"

South Lee

Major: Forestry; *Placement:* Forest Service, Montana; *Future Plans:* Being a forester will give Ken a chance to partake in his interest of skiing.

RICHARD CARTER BLAKE

"Dick"

Wilmington

Major: Fine Turf Management; *Placement:* Concord Country Club, Concord; *Activities:* Hort Show 1, 2.

RALPH BORGESON

"Ralph"

Newton Upper Falls

Major: Floriculture; *Placement:* Jensen Gardens, Watertown; *Activities:* Floriculture Club 2; Outing Club 1, 2; *Future Plans:* Ralph enjoys the out-of-doors and bike riding. We hope that the greenhouse he plans to own will not tie him down too much from his worthwhile hobby.

JOSEPH J. BOULET

"Joe"

Blackstone

Major: Dairy Industry; *Placement:* Hoods Milk Company, Providence, Rhode Island; *Activities:* Dairy Classic 2; Dairy Club 1, 2; *Future Plans:* Joe is going to be a full-fledged dairyman and plans to be a producer-dealer in upper New York State.

GILBERT A. BLISS

"Gil"

Warren

Major: Forestry; *Placement:* U. S. Forest Service, Shasta National Forest, California; *Activities:* Forestry Club 1, 2.

JAMES E. BROWN

"Jim"

Melrose

Major: Floriculture; *Placement:* Joel Whitmore, Florist, Stoneham; *Activities:* Glee Club 2; Floriculture Club 1, 2; Hort Show 1, 2; Kappa Kappa 2; Shorthorn Board 2; *Future Plans:* Gay, but at the same time serious, Jim would like to start his own flower establishment.

WALDO CARLTON BRAY

"Walt"

Amherst

Major: Ornamental Horticulture; *Placement:* Dover, New Hampshire; *Activities:* Horticulture Club 1, 2; Hort Show 1, 2; *Future Plans:* "Walt" wants to own a nursery and landscape business. Good luck, Walt.

EDWARD BRITTAIN

"Ed"

Kenilworth, New Jersey

Major: Fine Turf Management; *Placement:* Montclair Golf Club, New Jersey; *Activities:* Hort Show 1, 2; *Future Plans:* Ed is planning on superintending a golf course near the ocean so that he can go deep sea fishing in his leisure.

JAMES FRANCIS CAHILL

"Jim"

Cambridge

Major: Horticulture; *Placement:* Mount Auburn, Cambridge; *Activities:* Horticulture Club 1, 2; Hort Show 1, 2.

HOWARD CLARK

"Howie"

Quincy

Major: Animal Husbandry; *Placement:* Mainstone Farm, Wayland; *Activities:* Animal Husbandry Club 1; Basketball 1, 2; Little International 2; Dairy Classic 2; *Future Plans:* Howie has got his farm all picked out and is going to start right off raising Ayrshires.

RICHARD BUSHNELL, JR.

"Dick"

New Bedford

Major: Fine Turf Management; *Placement:* Sankaty Head Golf Course, Nantucket; *Activities:* Hort Show 1, 2; *Future Plans:* Golf is his hobby, and a fine fairway is his business.

GERALD CLARK

"Gerry"

Pittsfield

Major: Poultry; *Placement:* J. B. Abbott, Rockingham, Vermont; *Activities:* Poultry Club 1, 2; Square Dance Club 1, 2; Folk Singers' Club 1; *Future Plans:* Gerry plans to gain more experience in poultry, and gradually work into a business of his own. Guitar playing and singing hill-billy songs will be done on the side.

ROBERT S. CLARK

"Bob"

South Weymouth

Major: Poultry; *Placement:* Musel Poultry Farm, Holbrook; *Activities:* Poultry Club 1, 2; *Future Plans:* Work will be fun for Bob because agriculture is his hobby. He plans to operate his own egg farm.

RALPH COOMBS, JR.

"Ralph"

Springfield

Major: Animal Husbandry; *Placement:* John Hamilton, Palmer; *Activities:* Little International 2; Dairy Classic 2; *Future Plans:* Ralph likes outdoor sports and hopes to own his own farm in the green hills of Vermont.

WARREN G. DAVOLL

Dartmouth

Major: Animal Husbandry; *Placement:* Weikko Holopainen, Hubbardston; *Activities:* Animal Husbandry Club 1, 2; Future Farmers of America 1, 2, (Vice-President 2); Kappa Kappa 1, 2; Little International 2; Dairy Classic 2; *Future Plans:* Warren is a true New England Yankee, and we wish him the best in his desire to own a dairy farm.

EVERARD CROSS

"Ev"

Agawam

Major: Ornamental Horticulture; *Placement:* Adams Nursery, Westfield; *Activities:* Horticulture Club 2; Hort Show 1.

JOHN WILLIAM COUGHLIN

"Johnny"

Medford

Major: Forestry; *Placement:* Dodge Associates, Wenham; *Activities:* Forestry Club 1, 2; Hort Show 2.

MARTIN DELANO

"Marty"

Duxbury

Major: Forestry; Placement: Archie T. DeMaranville, North Hanover; Activities: Cross Country 1; Hort Show 1; Forestry Club 1, 2; Future Plans: "Marty" is going West and work for the U. S. Forest Service in California.

RALPH W. DEAN

"Tiny"

Worcester

Major: Floriculture; Placement: Hixon's Greenhouse, Worcester; Activities: Floriculture Club 1, 2; Alpha Tau Gamma 2; Glee Club 2; Hort Show 1, 2; Future Plans: Happy-go-lucky "Tiny" wants to go into the flower design and florist business.

WARREN DEAN

"Deanie"

Reading

Major: Vegetable Growing; Placement: Hopkin's Farm, Reading; Activities: Hort Show 1, 2; Olericulture Club 1, 2.

WILLIAM JOHN DION

"Bill"

Amherst

Major: Floriculture; Placement: University of Massachusetts Greenhouses, Amherst; Activities: Floriculture Club 1, 2; Hort Show 1, 2; Future Plans: A flower shop and greenhouse are what Bill is aiming for. Best of luck.

JOHN DOLAN

"Jack"

Foxboro

Major: Fine Turf Management; Placement: Charles River Country Club, Newton; Activities: Hort Show 1, 2.

ROBERT FREDRICK DIMLICH

"Bob"

Andover

Major: Animal Husbandry; Placement: Groton; Activities: Animal Husbandry Club 1; Little International 2; Dairy Classic 2; Future Plans: "Bob" will most likely work for some dairy farm concern with his eye on a farm of his own in the future.

JOSEPH MICHEAL DRELICK

"Joe"

Haverhill

Major: Dairy; *Placement:* Jersey Ice Cream Corp., Lawrence; *Activities:* Dairy Classic 1; Dairy Club 1, 2; *Future Plans:* Joe has already secured a foreman's position at General Ice Cream, Poughkeepsie, New York.

DAVID TAYLOR DUGDALE

"Red"

Needham

Major: Animal Husbandry; *Placement:* Idlenot Dairy Farm, Inc., Springfield, Vermont; *Activities:* Animal Husbandry Club 1, 2, (Treasurer 2); *Future Farms of America* 1, 2; *Little International* 2; *Dairy Classic* 2; *Future Plans:* "Red" is a hardworking, but easy going young man, who will probably go into dairy farming for himself.

HOWARD W. DUNNELLS

"Howie"

Melrose

Major: Dairy; *Placement:* James H. McManus, Newton; *Activities:* Basketball 1; Dairy Club 2; Dairy Classic 1; Kappa Kappa 2; *Future Plans:* Howie is an energetic boy who likes peppy music and all sorts of sports. Best of luck in your future ice cream business, Howie.

JAMES F. DWYER

"Jim"

Weymouth

Major: Dairy; *Placement:* Producers' Dairy Company, Brockton; *Activities:* Dairy Classic 1; Dairy Club 1, 2; *Future Plans:* A position in dairy industry is what this boy is after. Good luck for the future, Jim.

ALLEN EASTMAN

"Al"

Williamsburg

Major: Animal Husbandry; *Placement:* Theo-Ken Farms, Ashfield, Mass; *Activities:* Little International 2; Dairy Classic 2; *Future Plans:* Allen is quiet, but will challenge anyone, and he stands up for what he thinks is right. He will be a good farm manager.

JOHN WILBUR DURFEE

"Durf"

Lexington

Major: Vegetable Growing; *Placement:* Hadley; *Activities:* Alpha Tau Gamma 1, 2; Dance Committee 2; Hockey 1; Hort Show 1, 2; Winter Carnival Committee 2; *Future Plans:* As Lexington excels in vegetable growing, we hope that "Durf" will excel in the same way.

LAWRENCE ANDREW
FARRINGTON

"Laurie"

Lowell

Major: Floriculture; *Placement:* F. I. Carter and Son, Tewksbury; *Activities:* Alpha Tau Gamma 2; Dance Committee 2; Floriculture Club 1, 2; Hort Show 1, 2; Newman Club 1, 2; Bowling 2; Dancing; Driving.

DANA W. ELDRIDGE

"The Caper"

South Chatham

Major: Forestry; *Placement:* Mount Shasta, California; *Activities:* Baseball 1; Cross Country 1; Forestry Club 1, 2; *Future Plans:* "The Caper" wants to work for Weyerhaeuser while building hot rods on the side.

SANTINO FANTOZZI

"Sam"

Leominster

Major: Ornamental Horticulture; *Placement:* Grahn Landscape Service, Westminster; *Activities:* Hort Show 1, 2; *Future Plans:* That the "Grass is Greener on the other side of the fence" doesn't hold with Sam. He is going into the landscape gardening business at home.

EDWARD T. FISKE

"Red"

Stoughton

Major: Animal Husbandry; *Placement:* Blackbriar Farms, Dover Plains, New York; *Activities:* Animal Husbandry Club 1, 2; Alpha Tau Gamma 1, 2 (Secretary of ATG 2); Bowling 2; Newman Club 2; *Future Plans:* "Red" is going to employ his agricultural knowledge on an Aberdeen-Angus breeding farm.

JOHN W. FLAHERTY

"Swede"

Lexington

Major: Arboriculture; *Placement:* Frost and Higgins Company, Arlington; *Activities:* Arboriculture Club 1, 2; Football 1; Hockey 1; *Future Plans:* To own a tree service company is quite an undertaking, and we wish you the best of luck in it.

JOHN E. FAY

"Buss"

Dedham

Major: Arboriculture; *Placement:* Eastern Tree and Landscape Corporation, Dedham; *Activities:* Arboriculture Club 1, 2; Hort Show 1, 2; *Future Plans:* To keep the shade trees of Dedham beautiful is a life time job, and John is the man for the job.

DAVID FREEMAN

"Stretch"

Dorchester

Major: Poultry; *Placement:* Medfield State Hospital; *Activities:* Basketball 1; *Future Plans:* A converted Animal Husbandry major; and our tallest member—now wants to operate his own broiler plant.

FRANK PETER FREEMAN

"Pete"

Brookline

Major: Poultry; *Placement:* Mayo's Duck Farm; *Activities:* Poultry Club 1, 2 (President 2); Square Dance Club 1; *Future Plans:* Like the other Freeman in the class, Frank hopes to manage a broiler plant of his own. Good luck.

DONALD H. GAGNE

"Don"

Holyoke

Major: Animal Husbandry; *Placement:* Donald Hazen Farm, Hadley; *Activities:* Animal Husbandry Club 1, 2; Future Farmers of America 1, 2; Kappa Kappa 1, 2; Little International 2; Dairy Classic 2; *Future Plans:* A Holstein farm in the "valley" is in Don's plans. Best of Luck.

GILBERT JAMES GASTON

"Gil"

West Stockbridge

Major: Animal Husbandry; *Placement:* University of Mass. farm; *Activities:* Class Vice-President 2; Glee Club 1, 2; Animal Husbandry Club 2; Little International 2; Dairy Classic 2; Future Farmers of America 1, 2; Square Dance Club 1, 2; *Future Plans:* Gil appreciates beautiful country when he sees it, and after getting married in June, he hopes to work on a dairy farm in the Connecticut River Valley.

HENRY GIERA

"Hank"

Chicopee Falls

Major: Fine Turf Management; *Placement:* Springfield Country Club, West Springfield; *Activities:* Golf; *Future Plans:* Superintending a golf course is the goal that Hank has set for himself.

ROBERT ANDREW GARIEPY

"Bob"

Major: Ornamental Horticulture; *Placement:* Capron Park, Attleboro; *Activities:* Ornamental Horticulture Club 1, 2, (President 2); *Future Plans:* To own a landscape business, and to keep the homes of his community beautiful.

PAUL B. GRAY, JR.

"Paul"

Shelburne Falls

Major: Poultry; *Placement:* Deerfield Valley Poultry Farm, Shelburne Falls; *Activities:* Poultry Club 1, 2; Kappa Kappa 1, 2; *Future Plans:* To work for some one else in poultry is Paul's ambition. Good luck to you, Paul.

RICHARD GRAHAM

"Dick"

Arlington

Major: Dairy; *Placement:* Bushway Ice Cream, Somerville; *Activities:* Shorthorn Board 2; Glee Club 2; Dairy Club 1, 2; Kappa Kappa 1, 2, (Secretary 2); W.M.U.A. (Announcer); *Future Plans:* Dick is very amiable and willing to lend a hand to anyone. He mentioned being a radio commentator, and we are sure of his success.

CHARLES GRAVES

"Charley"

Shirley

Major: Animal Husbandry; *Placement:* (home farm); *Activities:* Cross Country 2; Glee Club 2; Animal Husbandry Club 1, 2; Little International 2; Kappa Kappa 2; Future Farmers of America 1, 2; Dairy Classic 2; *Future Plans:* Charley favors Holsteins, and he favors being his own boss. Best wishes for the future, Chuck.

DONALD GULBANKIAN

"Don"

"Gull"

Marlborough

Major: Vegetable Gardening; *Placement:* Charles Gulbankian, Marlborough; *Activities:* Olericulture Club 1, 2; *Future Plans:* To operate home farm and supply Worcester and Boston with fresh green vegetables.

GEORGE PARKER HADLEY

"Parker"

Marston's Mills

Major: Poultry; *Placement:* Clear Lake Duck Farm, Marston's Mills; *Activities:* Kappa Kappa 2; Poultry Club 1, 2; Square Dance Club 1, 2; *Future Plans:* Parker likes the "Cape," and is going to stay there and operate his father's farm.

GEORGE H. GREGORY

"Gregg"

Newton

Major: Animal Husbandry; *Placement:* R. B. Simpson, Randolph, Vermont; *Activities:* Glee Club 2; Animal Husbandry Club 1, 2; Little International 2; Dairy Classic 2; Future Farmers of America 1, 2; *Future Plans:* George has decided that the only way to enjoy life is to stay in Vermont where life is simple, inexpensive, but extremely full.

ROBERT KENNETH HALL

"Bob"

Still River

Major: Vegetable Gardening; *Placement:* John Coke's Vegetable Farm, Harvard, Mass.; *Activities:* Hort Show 1; Olericulture Club 1, 2; *Future Plans:* Bob has decided to manage a farm and perhaps own one someday.

DONALD C. HARRIS

"Don"

Reading

Major: Vegetable Gardening; *Placement:* R. W. Warner and Sons; *Activities:* Hort Show 1, 2; Olericulture Club 1, 2.

JOSEPH S. HAYDEN

"Joe"

Winthrop

Major: Animal Husbandry; *Placement:* University of Mass. farm; *Activities:* Animal Husbandry Club 1, 2; Basketball 1, 2, (Co-Captain 2); Football 2; Kappa Kappa 1, 2; Dairy Classic 2; Little International 2; *Future Plans:* Easy going Joe plans to work in some field of dairy farming.

WALTER EDMOND HORGAN

"Walt"

Worcester

Major: Dairy; *Placement:* H. P. Hood and Son's, Worcester; *Activities:* Short-horn Board 2, (Business Manager); Glee Club 2, (Secretary); Dairy Club 1, 2; Kappa Kappa 1, 2; Dairy Classic 2; (Disc Jockey for Station WMUA 2); *Future Plans:* "Walt" is another H. P. Hood and Sons booster, and plans one day to be a field research worker for this company.

ELMER H. HINE

Palmer

Major: Fine Turf Management; *Placement:* Amherst Golf Club, Amherst; *Activities:* Hort Show 1, 2; *Future Plans:* We wish the best of everything to Elmer in his plan to become a greens keeper.

ROGER BROWN HENSHAW

"Rog"

Templeton

Major: Animal Husbandry; *Placement:* Mainstone Farm, Wayland; *Activities:* Animal Husbandry Club 1, 2; Glee Club 2; Little International 2; Dairy Classic 2; *Future Plans:* Roger eventually plans to own a dairy farm and a herd of purebred Brown Swiss cattle.

HOWARD W. HUNTER

"Howie" "Ab" "Scottie"

Waltham

Major: Animal Husbandry; *Placement:* Lynbrook Farm, Southboro; *Activities:* Shorthorn Board 2; Animal Husbandry Club 1, 2, Vice-President 2; Little International 2; Dairy Classic 2; Alpha Tau Gamma 2; Square Dance Club 2; Intramural Basketball 1, 2; Judson Fellowship; *Future Plans:* Howie attended Lincoln Prep before coming to Stockbridge. Upon graduating he intends to own his own Dairy-Beef farm in the hills of New Hampshire.

COLIN COLGUHOUN HOUSTON

"Chicken"

East Longmeadow

Major: Poultry; *Placement:* Frank Bennett, Wilbraham; *Activities:* Shorthorn Board 2; Poultry Club 1, 2; Kappa Kappa 1, 2; Future Farmers of America 1, 2; *Future Plans:* Colin is looking towards a very profitable future with the Eastern States Cooperative.

ROBERT E. HUME

"Bob"

Greenfield

Major: Animal Husbandry; *Placement:* Allard Dairy Farm, Hadley; *Activities:* Class Treasurer 2; Shorthorn Board 1, 2, Editor-in-Chief; Animal Husbandry Club 1, 2; 4-H Club 1, 2, (Executive Committee); Little International 2; Dairy Classic 2; Kappa Kappa 1, 2; U. of Mass. Camera Club 2; Square Dance Club 1, 2; University News Service 1, 2; *Future Plans:* A 600 acre dairy farm with 250 head of cattle will almost be too small for him. Best of luck, Bob.

KARL ELSAR JURENTKUFF, JR.

"Joe"

Upton

Major: Poultry; *Placement:* Crooks Poultry Farm, North Brookfield; *Activities:* Poultry Club 1, 2; Kappa Kappa 1, 2, Vice-President 2; Student Council 2 (Ex Officio); *Future Plans:* Joe's first venture out into the field of poultry will be to work on one of the successful poultry farms and then to step into the ownership of a breeding farm.

KENNETH L. JOHNSON

"Ken" "Spike"

Southwick

Major: Animal Husbandry; *Placement:* F. A. Johnson and Sons, Southwick; *Activities:* Little International 2; Dairy Classic 2; *Future Plans:* Ken says he likes the green open state of Connecticut, and he plans to operate a Holstein farm there.

JOHN R. JACOBSON

"Jake"

Upton

Major: Forestry; *Placement:* Trimmer, California; *Activities:* Forestry Club 1, 2, (Vice-President); *Future Plans:* Jake will take to the New Hampshire hills to be employed as a forester by the Draper Corporation of Beebe River.

FREDERICK GEORGE KELLEY
"Kel"

Straford, Connecticut

Major: Arboriculture; *Placement:* Janoska Tree Service, Straford, Connecticut; *Activities:* Class Officer 1, Secretary; Football 1, 2, Captain 2; Hort Show 1, 2; Arboriculture 1, 2; *Future Plans:* Kel will probably spend the next few years with Uncle Sam, and then return for employment with Janesko Tree Service Company.

WILLIAM KILEY
"Bill"

South Boston

Major: Horticulture; *Placement:* Mount Auburn Cemetery, Cambridge; *Activities:* Hort Show 1, 2; Horticulture Club 1; Arboriculture Club 1, (Secretary-Treasurer 1); *Future Plans:* Bill has a business of his own in mind, and has decided to work at that.

CLIFFORD KNIGHT

"Cliff"

Framingham

Major: Animal Husbandry; *Placement:* Ben Wentworth Farm, White River Junction, Vermont; *Activities:* Animal Husbandry Club 1; Dance Committee 1; Little International 2; Dairy Classic 2; *Future Plans:* To own a dairy farm in the green hills of Vermont, and to have a home with a greenhouse attached.

RAYMOND J. LANE

"Bowser"

Roslindale

Major: Poultry Husbandry; *Placement:* Mayo's Duck Farm, East Orleans, Mass.; *Activities:* Poultry Club 1, 2, Vice-President; (Refreshment Committee); Square Dance Club 2; Kappa Kappa 2; *Future Plans:* Obtain a good position upon graduating; then go into business for himself.

RALPH LANGILL

"Tex"

Auburndale

Major: Vegetable Gardening; *Placement:* Lookout Farm, Natick; *Activities:* Dance Committee 1; Hort Show 1, 2; Alpha Tau Gamma 1, 2; Olericulture Club 1, 2; *Future Plans:* "Tex" is going to have a diversified farm, raising vegetables, race horses, and small fur bearing animals.

LEIGHTON LANE

East Northfield

Major: Forestry; *Placement:* Northfield Schools; *Activities:* Forestry Club 1, 2.

JAMES L. MACKEY, JR.

"Jimmie"

Brookline

Major: Poultry Husbandry; *Placement:* Stongate Chicks, Holliston; *Activities:* Shorthorn Board 2; Dance Committee 2; Poultry Club, Assistant Secretary 1, 2; K. K. Treasurer 2; F. F. A. Reporter 1, 2; Square Dance Club 1, 2; Collegian Reporter 1; I.F.C. 2, (Ex-officio); *Future Plans:* "Big things come in small packages." Jim is small but we certainly know he's around. He plans to be a salesman in the poultry industry and eventually have his own breeding farm.

WILLIAM DUDLEY LAUFMAN

"Dud"

Arlington

Major: Animal Husbandry; *Placement:* Camp Timberlake, Plymouth, Vermont; *Activities:* Shorthorn Board 2, Personal Write-ups 2; Animal Husbandry Club, Social Committee 2; K.K. 1, 2, Social Chairman 2; Square Dance Club 1, 2, President 2; Little International 2; Dairy Classic 2; *Future Plans:* Dud wants to live in a small N. E. town and combine an agricultural enterprise with Square Dance calling.

RAYMOND WALTER LINDELL

"Lindie"

Greenfield

Major: Dairy Industry; *Placement:* Wayside Farm Creamery, Greenfield, Mass.; *Activities:* Dairy Club 1, 2; Dairy Classic; *Future Plans:* Lindie intends to own a small dairy plant so that he will have time for hunting and fishing.

"Barney"
Milton

Major: Animal Husbandry; *Placement:* Medfield State Hospital, Medfield; *Activities:* Student Council 1, 2, President 2; Dance Committee 1, 2; A.T.G. 2; Newman Club 1, 2; *Future Plans:* Barney enjoys college life and plans to further his education in the four year course at the University of Massachusetts.

JAMES O'NEILL

"Jimmy"
Millbury

Major: Animal Husbandry; *Placement:* Worcester State Hospital, Worcester; *Activities:* Shorthorn Board 2; Animal Husbandry Club 1, 2, Program Committee 2; Little International 2; *Future Plans:* Jimmy plans to own his own pure-bred Holstein farm.

DAVID P. PETERSON

"Pete"
Quincy

Major: Animal Husbandry; *Placement:* Hillcrest Farm, Walpole; *Activities:* Basketball 2, Manager; Little International 2; Dairy Classic 2; *Future Plans:* Always laughing, Pete plans to own his farm someday with pure-bred Ayrshires.

THOMAS L. PIERCE

"Tom"
Salem

Major: Ornamental Horticulture; *Placement:* Henderson and Herndon Landscape; *Activities:* Hort Show 2; Horticulture Club 2, Treasurer; K.K. 2; *Future Plans:* Tom has hopes of going into the field of landscape construction and the nursery field.

AMERICO PALATINO

"Macko"
Ludlow

Major: Dairy Industry; *Placement:* Daylight Dairy; *Activities:* Dairy Club 2; Dairy Classic 2; *Future Plans:* Macko wants to work for himself in his own ice cream business.

STANLEY P. PRIEST

"Red"

Winchendon

Major: Fine Turf Management; *Placement:* Indian Hill Country Club, Newington, Connecticut; *Activities:* Student Council 1, 2, Vice-President 2; Football 1, 2; Hort Show 1, 2; *Future Plans:* Best of luck in your plans for professional greenskeeping.

RUSSELL I. POMEROY

"Russ"

Northampton

Major: Forestry; *Placement:* C. A. Denison Lumber Company, Colrain; *Activities:* Forestry Club 1, 2; Hort Show 2; *Future Plans:* Honest Russ plans to start a pulpwood and lumber yard in Northampton.

DAVID MARSHALL POMFRET

"Good Old Dave"

Bedford, New York

Major: Arboriculture; *Placement:* Suburban Tree Company, New Bedford, New York; *Activities:* Hort Show 1, 2; Arboriculture Club 1, 2; *Future Plans:* Dave is going to start up his own tree surgery business and keep our shade trees healthy.

ALBERT R. RETELLE

"Al"

Andover

Major: Arboriculture; *Placement:* Dodge Associates, Wenham; *Activities:* Football 1, 2; 4-H Club 2; Hort Show 1, 2, Chairman of Arboriculture display; Arboriculture Club 1, 2, Secretary-Treasurer 2; *Future Plans:* Al is going on to the University of Massachusetts.

JOHN A. RICCA

"Johnny"

Medford

Major: Poultry; *Placement:* Larson's Poultry Farm, Billerica; *Activities:* Football 1, 2; Poultry 1, 2; K.K. 2; F.F.A. 1, 2; *Future Plans:* Johnny plans to enter some phase of the Poultry Business in the suburbs of Boston.

JOHN S. RAYNOR

"Lone Ranger"

Sudbury

Major: Floriculture; *Placement:* Home Carnation Range, Sudbury; *Activities:* A.T.G. 2; Floriculture Club 1, 2; Hort Show 1, 2, Co-Chairman 2; *Future Plans:* Sudbury will be John's home as he plans to operate his father's greenhouse.

JOHN L. RIDER

"Rider"

Danvers

Major: Dairy Industry; *Placement:* H. P. Hood and Sons, Springfield; *Activities:* Dairy Club 1, 2; Dairy Classic 1, 2; *Future Plans:* Rider would like to own his own milk laboratory for testing dairy products in Essex County.

ROY H. RICHARDS, JR.

East Weymouth

Major: Forestry; *Placement:* U. S. Forest Service, Stasta National Forest, California; *Activities:* Forestry Club 1, 2; *Future Plans:* Eventually Roy wants to have his own business but will probably work for the government for a few years.

CHARLES F. ROBINSON

Arlington

Major: Fine Turf Management; *Placement:* University of Massachusetts.

JAMES KEITH RUMRILL

"Jim"

West Roxbury

Major: Floriculture; *Placement:* Ruane's, Newtonville; *Activities:* Student Council 2; Dance Committee 2; Glee Club 2, pianist; Floriculture Club 1, 2; Hort Show 1, 2, (First prize both years); Interfraternity Council 1; A.T.G. 1, 2, President 2; Winter Carnival 2; *Future Plans:* Jim's ability as a designer has made him decide to operate a retail florist establishment and possibly do some wholesale growing.

WILLIAM WALTER RUDOLPH

"Rudy"

Holyoke

Major: Floriculture; *Placement:* Carey, The Florist, South Hadley; *Activities:* Floriculture Club 1, 2; Hort Show 1, 2; *Future Plans:* Rudy wants his own florist shop in or around Holyoke.

THOMAS R. RUCKLEDGE

"Whitie" "Tommy"

Lowell

Major: Dairy Industry; *Placement:* Bushway Ice Cream, Somerville; *Activities:* Dairy Club 1, 2; Dairy Classic 1; *Future Plans:* Whitie wants to get into the dairy industry preferably in Franconia, New Hampshire.

RICHARD CAMPBELL SAWYER

"Dick"

Littleton

Major: Horticulture; *Placement:* Briggs Landscape Co., Falmouth; *Activities:* Class Officer, Secretary 2; Dance Committee 2; Floriculture Club 2; Hort Show 1, 2; A.T.G. 1; Horticulture Club 1, 2; Square Dance Club 1, 2; *Future Plans:* Dick hopes to support a family from a greenhouse and landscape business.

JOSEPH A. SAMBADE

"Joe"

Falmouth

Major: Fruit Growing; *Placement:* J. M. Sambade, Falmouth; *Activities:* Shorthorn Board 2; Football 1, 2; Pomology Club 1, 2, Vice-President 2; 4-H Club 1, 2; Hort Show 1, 2; A.T.G. 2; F.F.A. 1; *Future Plans:* Joe will go home to his wife and work for his father in the Fruit growing business.

FORREST BAXTER SAUNDERS

"Hunky"

Pembroke

Major: Ornamental Horticulture; *Placement:* Anderson Flower Farm, Greenbush; *Activities:* Football 1, 2; Basketball 1, 2; Hort Show 1, 2; Horticulture Club 1, 2; Square Dance Club 1, 2; *Future Plans:* Hunk will work for Anderson for a few years to get the experience for his own business.

JACK HOLT SHEEHY

East Wareham

Major: Floriculture; *Placement:* F. I. Carter and Son's; *Activities:* A.T.G. 1, 2, Treasurer 2; Floriculture Club 1, 2, Vice-President 2; Hort Show 1, 2, (First prize both years); *Future Plans:* A boy who can get two first prizes in the Hort Show ought to be successful in the florist business.

JAMES F. SHOUP

"Jim"

Amherst

Major: Poultry; *Placement:* Mt. Norwottuck Poultry Farm, South Amherst; *Activities:* Poultry Club 1, 2, Treasurer 2; *Future Plans:* A farm of his own, specializing in commercial egg production.

IRWIN M. SEVERANCE, JR.

"Irwie"

Northfield

Major: Ornamental Horticulture; *Placement:* Oscar P. Stone, Tree Surgeon, Brattleboro, Vermont; *Activities:* Hort Show 1, 2; Horticulture Club 1, 2; *Future Plans:* Uncertain.

CLARK FRED SMITH

"Smitty"

East Longmeadow

Major: Floriculture; *Placement:* Stafford Conservatories, Stafford, Connecticut. *Activities:* Glee Club 1, 2; Floriculture Club 1, 2; Hort Show 1, 2, Chairman of Corsage Committee 2; K.K. 1, 2; *Future Plans:* A wholesale flower business is Smitty's ambition, having his own greenhouse.

GLENN ROSS SPOCK

"Spook"

Holyoke

Major: Animal Husbandry; *Placement:* Granby Dairy Farm; *Activities:* Animal Husbandry Club 1; Little International 2; *Future Plans:* Glenn is quiet, a good listener and bound to be a good dairy farmer.

JEAN ANN SQUIRES

Belchertown

Major: Floriculture; *Placement:* Allen St. Greenhouses, Springfield; *Activities:* Shorthorn Board 2, Secretary; Floriculture Club 1, 2; Hort Show 1, 2; *Future Plans:* Jean and Sue, our only representatives of the fairer sex. Best of luck, Jean, in your Floriculture career.

GEORGE T. STANDBRIDGE

Reading

Major: Arboriculture; *Placement:* Frost and Higgins Co., Arlington; *Activities:* Arboriculture Club 1, 2; Hort Show 1, 2; *Future Plans:* George wants to own his own tree and landscape business.

CHARLES H. SUNDIN

"Charlie"

Weymouth

Major: Poultry Husbandry; *Placement:* Harco Orchard and Poultry Farm, South Easton; *Activities:* Poultry Club 1, 2; *Future Plans:* Charlie is quite a trombone player. He wants to own a poultry farm of considerable size.

ARTHUR STACY

"Sylvester"

South Vernon, Vermont

Major: Forestry; *Placement:* U. S. Forest Service, Mariposa, California; *Activities:* Forestry Club 1, 2; *Future Plans:* To keep Vermont forests green.

EDWARD E. TURNER

"Ed"

Windsor

Major: Animal Husbandry; *Placement:* Flintstone Farm, Dalton; *Activities:* Shorthorn Board 2; Animal Husbandry Club 1, 2; 4-H Club 1, 2; Kappa Kappa 1, 2; Dairy Classic 2; Little International 2; *Future Plans:* Ed wants to be a breeder of registered cattle.

CHARLES TEBO

"Charlie"

Arlington

Major: Floriculture; *Placement:* Cummings the Florist, Woburn; *Activities:* Shorthorn Board 2; Floriculture Club 1, 2; Hort Show 1, 2; Alpha Tau Gamma 2; *Future Plans:* To own a wholesale and retail greenhouse range.

ALLAN RICHARD TURNER

"Al"

Windsor

Major: Animal Husbandry; *Placement:* E. A. Wentworth, Amherst; *Activities:* Animal Husbandry Club 1, 2; 4-H Club 1, 2; Little International 2; Dairy Classic 2; *Future Plans:* Al wants to breed Ayrshires and own his own farm.

DAVID L. VARNUM

"Dave"

Southbridge

Major: Animal Husbandry; *Placement:* Haskins Farm, Cushman; *Activities:* Little International; Kappa Kappa 1, 2; *Future Plans:* Dave plans to own and operate a dairy farm.

RICHARD VIOLETTE

"Dick"

Lunenburg

Major: Fruit Growing; *Placement:* At home; *Activities:* University Marching Band 2; Pomology Club 2; Hort Show 2; Alpha Tau Gamma 1, 2; *Future Plans:* He plans to be a fruit grower.

ALFRED P. UHLIG

"Al"

Pittsfield

Major: Floriculture; *Placement:* The Flower Shop, Inc., Pittsfield; *Activities:* Football 1, 2; Floriculture Club 2; Alpha Tau Gamma 1, 2; Hort Show 2; *Future Plans:* Al plans to make a success in flower growing.

JAMES J. WALSH

"Jim"

Dover

Major: Animal Husbandry; *Placement:* Boggy Meadow Farm, Walpole, N. H.; *Activities:* Animal Husbandry Club 2; Little International 2; Kappa Kappa 1, 2; *Future Plans:* Jim plans to have his own dairy farm.

ROBERT WATERS

"Bob"

Sterling

Major: Dairy Industry; *Placement:* H. P. Hood & Sons, Worcester; *Activities:* Dairy Club 1, 2; Dairy Classic 2; *Future Plans:* Bob is undecided as to future plans.

EDGAR ERNEST WEBBER

"Ed"

Worcester

Major: Floriculture; *Placement:* Herbert E. Berg, Florist, Inc.; *Activities:* Cross Country 1, 2; Floriculture Club 1, 2; Hort Show 1, 2; *Future Plans:* Ed would like to be a wholesale grower dealing in either roses or carnations.

Majors and Activities

SENIOR CLASS

1952

SENIOR CLASS OFFICERS

Front Row, left to right: Richard Sawyer (Secretary), Robert Hume (Treasurer), Gilbert Gaston (Vice-President), Paul McCarran (President).

On October 5, 1950, a fall windy day, 250 students entered Stockbridge School of Agriculture. Classes began and we started off with a bang trying to find various buildings and classrooms. Our initial task was to elect our class officers. Director Roland Verbeck was our advisor and with his help we elected for President John Dohartery, Vice-President Paul McCarran, Secretary Fred Kelly, Treasurer Joe Merchant. With the excellent coaching of Steve Kosakowski we held our own in the field of sports. After choosing one of the fraternities we really found out what college life was like with many dances and plenty of clean fun among our brothers. We now felt established and were starting to form our study habits. We returned a dance to the seniors in February which was enjoyed by all.

Every major has its own club to create and arouse interest and on April 1st we went out on placement training.

We started our last year feeling much more familiar with Stockbridge and its functions. With more and more responsibility coming our way and acquiring the knack of self expression. Our class clubs and fraternities again began to roll with many new faces and many different ideas. The election of class officers was held and elected for President was Paul McCarran; Vice-President, Gilbert Gaston; Secretary, Richard Sawyer; Treasurer, Robert Hume.

With the help of some stout hearted freshmen our sports really picked up with a greater percentage of wins. After many eventful affairs such as the beautiful Horticultural Show, the colorful traditional Little International and the educational value of the Dairy Classic we ended our studies at Stockbridge. Many of us realized that commencement day would separate us, each to go his own way but all knew in their hearts they would never forget our two years spent at the Stockbridge School of Agriculture.

CLASS HISTORY

FRESHMAN CLASS

1953

FRESHMAN CLASS OFFICERS

Front Row, left to right: Donald Dearden (Secretary), Joseph Freitas (Vice-President), Lew Mason (President), Austin Smith (Treasurer).

On October 1, 1951, the Stockbridge class of 1953 performed its first duties on campus—registration. By the end of that memorable first week we were well underway with our studies.

At our first convocation Director Verbeck explained to us the customs and duties of Stockbridge students.

Within the next few weeks we elected as temporary class officers: President: Lewis R. Mason, Jr.; Vice-President; Joseph A. Freitas; Secretary: Donald A. Dearden; Treasurer: Austin T. Smith.

We are pleased to say that the football team had an excellent season, winning four out of five games. The team received considerable support from the freshmen members which should help to have a winning team next season also.

The track team did well this season and also received good support from the freshmen with one of its top men a freshman.

The basketball team also had a good season with several freshmen participating. So in the way of sports the freshmen seemed to hold their own very well.

After a lapse of a year the Glee Club made a comeback with the presentation of the annual Christmas Concert in Bowker. The Glee Club had a high percentage of freshmen vocalists.

On December 14th the Seniors sponsored a reception for the freshmen in Memorial Hall. We returned our appreciation with a Farewell dance to the Seniors on February 29th.

With the nearing of spring we all realized that our second semester was almost over and that in a short time we would be leaving for our summer's work at placement training. So we bid the seniors farewell and set about our way, hoping to return next fall to help next year's freshmen as the seniors aided us this year.

SENIOR ANIMAL HUSBANDRY

Front Row, left to right: D. Varnam, J. Welch, D. Laufman, E. Fiske, J. Marshall, K. Johnson, R. Oldfield.
Second Row: R. Moorehouse, H. Mitchell, R. MacCloud, R. Henshaw, J. Wentworth, J. Walsh, A. Turner, F. Moskal, C. Smith, J. O'Niel, C. Graves, E. Wilder.

Third Row: C. Knight, G. Gregory, J. Hayden, W. Davoll, D. Gagne, D. Morse, J. Macomber, H. Hunter.
Fourth Row: R. Hume, D. Dugdale, R. Coombs, P. Auclair, G. Gaston, G. Eastman, E. Turner, R. Bates, R. Dimlich, G. Spöck.

Front Row, left to right: N. Carlson, K. McConville, B. Benson, T. Porter, K. Bonney, C. Niethold, P. Jasmin, R. Lannon, J. Reynolds.
Second Row: C. Doane, G. Andruk, F. Gummow, R. Gavin, H. Baldwin, D. Haley, T. Leahey.
Third Row: P. Frederico, D. Gardener, W.

Riley, C. Ovian. Fourth Row: R. Davies, A. Smith, D. Tokarsky, C. Dinsmore, E. Hempel, J. Anderson, A. Havens, D. Davenport, L. Werner.
Fifth Row: G. Fletcher, J. Carlson, C. Lopez, C. Lindberg, C. Slein, L. Rogers.

ANIMAL HUSBANDRY CLUB

President ... John Libbey
Vice-President ... Howard Hunter

Secretary ... Myles Richmond
Treasurer ... David Dugdale

The Animal Husbandry Club is made up of Animal Husbandry students from both the University and the Stockbridge School of Agriculture. This club, due to the interest and activity of its members, has the distinction of being the largest club on campus.

We were fortunate this year in being able to obtain some excellent speakers for our monthly meetings. Mr. MacFarlane of Boston talked on prevention of livestock injuries. Miss Helen Salu, 4-H Club agent for Middlesex County, told us about 4-H Club work as a career. Mr. Ed Pierce, field man for the M.S.B.A., showed us the new film called "Selective Breeding," and gave us the background behind it. Myron Fuerst told us about his operations at Fuerst Stock Farms in Pine Plains, New York.

As the "Shorthorn" goes to press, plans are underway for the Little International Livestock Show being held March 22, and the judging contest on March 15. This show is sponsored by the Animal Husbandry Club and is designed to give the students an opportunity to gain knowledge and experience in fitting and showing livestock.

This spring we are also planning on our annual barbeque which is held on the College Farm.

We wish to thank Murray Elliott for his able assistance as faculty advisor for this year.

The
LITTLE
INTERNATIONAL
Livestock
Show

The twelfth Annual Little International Livestock Show was held Saturday, March 22, at Grinnell Arena with approximately 1000 spectators viewing the day-long program. The Show this year took on added significance for it was dedicated to Herdsman Bill Smith, who has spent the past thirty-two years giving all those interested a practical background in the care of livestock.

Judges for the day were Professor Donald Kinsman of the University of Vermont, Mr. Donald Grant, Beef Herdsman and Shepherd at the University of Connecticut, and Mr. L. Frank Clark, Wirthmore fieldman.

After the decisions of the day were completed, the winners in the four classes of livestock were as follows:

Beef: (1) J. Marshall, (2) L. Peirce (Miss), (3) A. Perley

Sheep: (1) R. Nickles, (2) J. Macomber, (3) W. Deacon

Horses: (1) K. Alves, (2) M. Richmond, (3) H. Perry (Miss)

Swine: (1) A. Gurwitz, (2) J. Hobart (Mrs.), (3) P. Auclair

In the Premier Showmanship Contest, which was the program's finale, John Marshall, a Stockbridge senior, was chosen Premier Showman, with reserve honors going to Kenneth Alves, a University junior.

In its embryonic stages, the Little International was a class project carried out as an integral part of the livestock production course. It was not until 1938 that the present-day show was envisioned by Professor M. E. Ensminger, now head of the Animal Husbandry Department at Washington State College. From its early beginnings, the Little International has gradually become one of the highlights of all student activities. In the show, each student is striving to become Premier Showman and thereby obtain the honor of having his or her name engraved on the Ensminger Trophy.

Many days and years will slip by before those participating in the Little International Livestock Show will forget the long hours of preparation, aching backs, strained patience and exhilarating tension that are so much a part of being an entrant in the Little International Livestock Show.

Front Row, left to right: R. Nugent, J. Ricca, T. Mahoney, J. Mackey, J. Merchant, C. Sundin. Second Row: G. Clark, J. Shoup, R. Clark, P. Gray, K. Jurent-

kuff. Third Row: F. Freeman, R. Lane, C. Houston, C. Bassett, D. Freeman, P. Hadley.

SENIOR POULTRY

Front Row, left to right: Roland Ferguson, Barker Buckingham, Kenneth Gareri, Ransom Gerard, Joseph DiCarlo, Stanley Brown, Henry Radomski. Second Row:

FRESHMAN POULTRY

POULTRY CLUB

The first meeting of the Poultry Science Club was held October 23, 1951. The officers elected for the year '51-'52 were: Frank Freeman—President, Ray Lane—Vice-President, James Shoup—Treasurer, George Pratt—Secretary, James Mackey—Assistant Secretary, Joe Merchant—Sergeant-at-Arms, Professor Vondell—Advisor.

The Club continued to be one of the best attended in the University due to the very effective program arranged by Prof. Vondell. Movies called "The Rainmaker" were shown, followed by talks by Prof. Jeffery, Mr. Spear and Prof. Vondell on the purpose of the Club.

At our next meeting Dave Ferzoco, former president and graduate of Stockbridge, spoke to us about the broiler industry.

The Poultry Science Club Christmas Party

was held December 11, at Bowditch Lodge. A group of girls from the University helped make the party a success by showing slides, playing games and by leading the group in singing Christmas Carols.

At our next regular meeting we were honored to have Dr. Sylstra from the University speak to us. He spoke on "Today's Poultry Disease Problems."

J. B. Randall, manager of the Springfield Egg Co-operative, was the speaker at our last regular meeting. He spoke about the history of the Co-operative and the purpose of it.

Elections for next year's officers was held February 12 and February 19. The Annual Poultry Club Banquet was held February 26. Prof. William L. Doran was principle speaker of the evening.

Front Row, left to right: Edward Nichols, Howard Dun-
nels, Americo Palatino, James Dwyer, Walter Horgan.
Second Row: Paul McCarran, John Rider, Robert Wa-

ters, Thomas Ruckledge, John O'Brien. Third Row:
Richard Graham, Kenneth McConville, Joseph Boulet,
Raymond Lindell.

DAIRY SENIORS

DAIRY FRESHMAN

Front Row, left to right: Richard Cliff, James Crowley,
John Waskiewicz, Frank Martines. *Second Row:* Robert

Gosslin, Leonard Baj, Howard Waterman. *Third Row:*
William Lamb, Morse Weatherbee, Richard Wilcox.

DAIRY CLUB

The Dairy Club, composed of students from the two and four year courses, provides a social and educational pastime for its members. The Club meets twice each month and at these meetings prominent men from the industry speak on subjects of interest to the members. Refreshments and a bull session bring the meetings to a close.

Two of the excellent speakers who addressed the Club this year were Kenneth LeBeau, sales representative of Mojonnier Co. in New England, who spoke on "Bulk Transportation, from Farm to Dairy by Tank Trucks" and Harold P. Robinson, a member of the United States Department of Health, whose topic was "The influence of the United States Department of Health on the Dairy Industry."

As the Shorthorn goes to press, the Dairy Club is busy making preparations for the Dairy Classic which will be held in May. A committee consisting of Bob Bradey, Leonard Libbey, Paul McCarran, James Dwyer, John Rider, Walter Horgan and Robert Waters has been appointed and these men with the help of all the members of the Club plan to make this year's Classic the best of all times. They hope it will be outstanding and a goal of future Classics.

It is difficult to say how much knowledge the students will carry with them as they leave the campus and go out into the world, but it is safe to say that they will carry with them the fond memories of the many enjoyable moments spent with their friends at the Dairy Club.

A word of thanks, again this year to Doctor Hankinson who was always willing to lend a helping hand and made it possible for the Club to hear many of the speakers.

SENIOR HORTICULTURE

FRESHMAN HORTICULTURE

ORNAMENTAL HORTICULTURE CLUB

The Ornamental Horticulture Club is made up of men majoring in Ornamental Horticulture within the Stockbridge School of Agriculture. The purpose of the club is to obtain speakers who emphasize the practical aspects of the field and in general, broaden the students education.

Two of the past season's speakers were Dr. Karl Sax, Director of the Arnold Arboretum, and Charles Godin, alumnus of Stockbridge class of 1934, and Vice-President of Adams Nursery of Westfield.

Dr. Sax spoke of the breeding and propagation of various ornamental plants. His work has been outstanding in the field of Horticulture and

his talk to the students was interesting and informative. Many of the clubs in the School of Agriculture and Horticulture whose interests are similar, were invited to hear Dr. Sax.

Mr. Godin showed movies of the methods used by Adams Nursery in raising their plants. He emphasized the advantages of mechanical equipment and showed how it can be adapted to nursery work.

Other meetings consisted of short business sessions with slides or movies shown.

The club had a very enjoyable year under the direction of their able officers and Assistant Professor Paul N. Procopio.

The 39th Annual Horticultural Show opened on Friday, November 2, 1951 for a three day stand during which 21,500 people viewed the exhibits and work done by Stockbridge and University students.

The theme of the show was World Unity, this being carried out by the domineering presence of a 14 foot globe of the world in the northwest corner of the cage. Running from there to the southeast corner where the Queen's throne and garden were located were two rows of flags, one flag for each member country of the United Nations. At the base of each flagstaff was an outstanding

HORTICULTURE

product or plant of that country.

Mary Granfield '52 was elected the Flower Queen and presided over the show with her court of two princesses, Jean Stringer '55 and Fredrica Dole '53.

The exhibits included a United Nations Bakery, featuring pastry of different nations, and an exhibit of fruits from many lands by the pomology department.

Much credit is due those from Stockbridge and the University who made the show the success it was. Stockbridge was well represented among the winning exhibits.

SHOW

SENIOR FORESTRY

Front Row, left to right: K. Beaujean, O. Stacey, C. Delano, J. Jacobson. Second Row: J. Coughlin, G. Bliss, R. Nute, R. Richards, L. Lane, B. Eldridge.

Front Row, left to right: K. Carlson, L. Jussaume, R. Beraudo. Second Row: R. Bruso, J. Gorman, D. Poland. Third Row: T. Gaylord, P. Bouchard, R. Carson.

FRESHMAN FORESTRY

FORESTRY CLUB

The Forestry Club consists of members of the University Forestry and Wildlife majors and Stockbridge Forestry students. This Club meets twice a month for the purpose of creating a spirit of cooperation and friendship between the faculty and students and to provide educational and entertaining programs dealing with the forestry industry.

These programs consist of movies, speakers and discussions which offer the students material not available in their regular academic courses. This year we have been fortunate in securing as speakers men from the U. S. Forest Service, professors from other schools and former students who are now in the field.

We are very thankful to our advisors, William P. MacConnell and R. V. Ganley, for their help in arranging our programs and making the year's activities a success.

SENIORS

Front Row, left to right: Albert Retelle, Roland Mennella, George Standbridge, David Pomfret. Second Row: Fred Kelly, William Flaherty, John Fay.

ARBORICULTURE

Front Row, left to right: Donald Mead, Donald Dearden, Gene Michaels. Second Row: Richard Taylor, Mike Bonavita.

FRESHMEN

ARBORICULTURE CLUB

The Arboriculture Club serves as a link between the two classes, alumni, and all those interested in arboriculture. By having speakers, members are given a chance to see and hear new and different ideas on arboriculture.

This year we have heard Mr. Coffin of the Shade Tree Laboratories, Mr. Mathieu, a Stockbridge graduate, and attended the monthly meetings of the Massachusetts Tree Wardens' Association.

All the work done by the Arboriculture students in the Hort Show is prepared at Club meetings. Club members draw up plans and committees are appointed.

One of the year's highlights is the annual contest between classes. Events in rope climbing and throwing, shinnying, tree climbing, wood chopping, and cross-cut sawing are held. Competition is high and the winning class has its year engraved on a plaque in French Hall.

Field trips to municipal tree departments, equipment companies, and meetings of tree men are taken by both classes. This year we attended the meetings of the Western Massachusetts Tree Wardens' Association in Pittsfield, and the Annual Convention of the Massachusetts Tree Wardens' and Foresters' Association in Boston.

To Mr. King, our Faculty Advisor, for all his interest and advice, go our thanks for a successful program.

FLORICULTURE CLUB

Membership in this Club is open to any student in the Stockbridge School and the University who is interested in the subject of Floriculture. Meetings are held monthly with occasional special meetings arranged for out-of-town speakers.

Professor Alfred W. Boicourt of the Extension Service was the speaker at our first meeting. He described his project dealing with community improvement in Stow Village by landscaping public and private grounds. At the November meeting a check for the money received at the Wishing Well at the Horticultural Show was presented to Professor Alfred A. Brown, Treasurer of the War Memorial Building Fund Committee. James Rumrill, S.S.A. '52, gave an illustrated talk on his trip to Florida taken before he started in placement training.

In December a combined meeting of all horticultural clubs was held in Goessmann Auditorium at which were shown numerous Kodachrome slides of scenes in the Horticultural Show. Plans for the formation of a Student Horticultural Council were proposed at this meeting. Also, in December we met with the Horticultural Club for a lecture by Dr. Karl Sax of the Arnold Arboretum. Dr. Sax described his breeding work with ornamental plants and also discussed unusual methods of plant propagation in use at the Arboretum.

The Holyoke and Northampton Florists' and Gardeners' Club held its annual Carnation Night in conjunction with our February meeting. Student members of the Club judged the competitive carnation exhibits. J. T. Whittemore, Jr. '54, gave a report on the exhibition and meeting of the American Carnation Society in New York City. On

February 14, our Club and several others combined for a meeting sponsored by the Olericulture Club; the speaker, Mr. J. Duncan Rankin of the E. I. DuPont de Nemours Company discussed the subject of prepackaging and marketing horticultural produce.

Plans are being made for the remaining months with the hope that a picnic for all horticultural clubs will be the final event of the club year.

POMOLOGY CLUB

Front Row, left to right: Joseph Sambade, Cabot Wiggin, Richard Violette.

The Pomology Club is composed of University and Stockbridge students majoring in Pomology. It holds its own monthly meetings for which were engaged speakers affiliated in some phase of the pomology field.

The club this year held a record-dance and fun was had by all. The club is also planning to hold a banquet for the coming spring.

In preparation for the Horticultural Show, the Club decided to present to the public the place of origin of various species of apples, pears, grapes, and plums, with a map of the world as a background.

Although the Club had a small enrollment this fact was annulled by the strong club spirit and backing of the faculty.

The Olericulture Club is made up of University and Stockbridge students. The club has twenty-five active members including students and faculty. It schedules monthly meetings open to the public as well as club members.

The club fall organization meeting was held at the top of Mount Sugarloaf as a picnic and business session. A few of the highlighted speakers for the 1951-1952 season have been Mr. E. K. Walrath of the Eastern States Cooperative who spoke on "Soil Testing and Fertilizing Practice," and Professor Grant B. Snyder, head of the Department of Olericulture, who gave an excellent talk on

hail, hail insurance, and hail injury to plants.

One of the seasons largest meetings was in cooperation with the Food Technology, Floriculture, Home Economics, Pomology, and Poultry Clubs. The featured speaker was Mr. Duncan Rankin of the DuPont Company. Mr. Rankin spoke on "Plastic Films and Factors Related to the Packaging of Produce," a subject which is rapidly becoming of great importance to the producer, wholesaler, retailer and consumer.

Another added feature of the club is the refreshments served at the end of each meeting and the banquet held at the end of the season.

FRESHMEN

4-H

The purpose of the University 4-H Club is the provision of an organization for all students who are or have been 4-H Club members, as well as others who might be interested in perpetuating the spirit of 4-H Club work, in order that they may gather together as an organized body to keep this spirit of 4-H Club work glowing during their college days.

F. F. A.

The Stimson-Heald Chapter of the Future Farmers of America is composed of college students who were members of local F.F.A. chapters while studying vocational agriculture in high school.

The function of the Collegiate Chapter is to prepare judging events and to arrange for meetings to be held by high school chapters here at the University.

FRESHMAN RECEPTION DANCE

The Stockbridge freshmen were entertained by the Stockbridge seniors at the Freshmen Reception Dance held in Memorial Hall on the night of December 8.

The dance was made a great success thru the efforts of our class president, Paul McCarran, and a group of volunteers from the senior class. It was through their efforts that the fine music of Allan Bond and his orchestra was secured for the dance. The orchestra started playing about 8 o'clock and most of the couples had arrived by 9:30 to find the hall gayly decorated for an enjoyable evening. Refreshments were served by the refreshment committee.

Professors Paul Procopio and W. Bradford Johnson and wives served as chaperones with Dean and Mrs. Dale Seiling and Director and Mrs. Roland Verbeck as invited guests.

Dancing continued until midnight, the hour which brought to a close a very enjoyable and memorable dance.

SENIOR RECEPTION DANCE

On the night of February 29, 1952, a reception for the seniors was given by the Freshman class.

Allan Bond and his orchestra supplied the music for dancing in Memorial Hall, which was colorfully decorated with the school colors of Blue and White.

It was a semi-formal affair, with a large number of couples attending. This was one of the biggest social events of the year put on by the Freshman class.

The chaperones for the dance were Mr. and Mrs. Stephen Kosakowski, who also enjoyed the evening to the fullest extent.

During intermission, soft drinks, ice cream and cookies were served for refreshments. This was handled by Jim Crowley, who did a splendid job.

With all the comforts for ball room dancing, the affair ended as a great success.

STUDENT COUNCIL

Front Row, left to right: Paul McCarran, Jean Carlson, Robert Oldfield (President), Lew Mason. Second Row: Joseph Merchant, Charles Niethold, Karl Jurentkuff, Richard Abbott.

The Student Council has carried on this past year in its usual efficient manner in striving to maintain the high standards already set by previous councils and by the Stockbridge School itself.

The council members, through their fine cooperation and school spirit, have given nothing but their best in discussing the various problems which have arisen during the year.

Some of the more important problems discussed consisted of the following: the establishing of an Infirmary Committee, whose job it is to check on Stockbridge School students confined to the infirmary; the matter of the freshmen of the coming years to wear beanies during the first few weeks of school in the hopes of building a stronger school spirit; an amendment to the constitution which now permits girls to hold any class office except those of President and Vice-President; and many other important matters.

Ed. Note: In the light of the many functions it has carried on this year and by virtue of the great service rendered to the student body, the Student Council certainly deserves a "well-done" and the sincere thanks of the school.

The idea of the Stockbridge Glee Club is to give interested students a chance to participate in organized glee club work.

After a year of inactivity the Glee Club became reorganized. Under the able direction of James Chapman, U. M. class of 1953, a very enjoyable and successful season was had by all the members.

The first appearance of the Glee Club was made at the Stockbridge Christmas Convocation. Christmas selections were sung with solos by Donald Davenport and Charles Dinsmore. The program was concluded by the student body singing carols.

The club made its second appearance at a February convocation. This time the program had the singing centered around a college town tavern, the singing was done by the patrons of the tavern and Donald Davenport again sang a solo.

Much support was given to the club by the piano playing of James Rumrill.

Front Row, left to right: Donald Davenport (Business Manager), George Gregory, Edward Fiske, Charles Dinsmore, James Chapman (Director), James Rumrill, David Carlson, Donald Morse. Second Row: Walter Horgan, Clark Smith, Charles Graves, James Brown, Kenneth Bonney, Roger Henshaw, Richard Graham.

GLEE CLUB

WINTER CARNIVAL

Winter Carnival began on Saturday the 9th of February with a Kiddies' Party at Memorial Hall, which was followed in the evening with a Float Parade featuring the candidates for Winter Carnival Queen. The candidates were: Barbara Brown, Sue Brosseau, Sue Moynahan, Jackie McCarthy, and Ginny Stewart.

By no means an easy task, the Winter Carnival Queen, Sue Moynahan, was selected the next day by a board of photographers from Boston and Springfield newspapers.

Most of the athletic festivities were at a minimum due to the lack of snow, including the snow sculptures, which had to be postponed until old man snow could make his appearance.

Highlight of Winter Carnival Week was the Snow Man Ball, which was held in the Cage. Music was furnished by Boyd Raeburn, with Ginnie Powell as songstress. President Van Meter presented Queen Moynahan and her court of princesses with gifts symbolic of their reign.

House dances were held at A T G and K K on the following evening as well as all other campus fraternities.

Winter Carnival Week came to a close on Sunday the 17th with a swimming exhibition by the Naiads in the college pool.

An educational program demonstrating various methods of manufacturing dairy products was featured at the fourth annual Dairy Classic. Held each year in early May under the sponsorship of the Dairy Club, this show is student organized and operated. All four year and Stockbridge students evincing interest in the various phases of dairy industry, voluntarily conduct the show.

Supervised by a faculty member, this show has grown from an attendance of 400 in 1948 to over 2,500 in 1951. At the same time the number and quality of the display exhibits have improved markedly. Starting with relatively few participants in the early shows, we now have 30 students vying for the trophies and prizes which have been made available by dairy plants and equipment people, to whom the students and school are deeply grateful.

The main theme this year was the controversial subject—concentrated milk. The consumer viewpoint was stressed and practically every person

compared concentrated, reconstituted and normal whole milk samples in terms of his or her particular evaluation.

The secondary themes consisted of the following:

What is yoglunt? How is it made and will it be an acceptable consumer product?

Antibiotics employed in mastitis control procedures—are they a future problem for the dairy industry?

What is Vitamin D milk, how is it checked for vitamin content?

Detergent-sanitizers, wetting agents, water softeners, detergents, quaternary ammonium compounds—what are they?

In addition there were displays concerning: milking machines and their proper operation; farm coolers and their operational features; dairy farm sanitation; cheese and cheese products; ice cream products; and dairy plant equipment and its proper operation.

The primary function of the show is two-fold: consumer education and student training in salesmanship. But the fellows who were in the show, will always remember it as work, work and more work.

DAIRY
CLASSIC

MEN'S PLACEMENT

You are graduating at a time when there is a good demand, in fact a shortage of trained young men and women in your chosen fields. You should have little difficulty in finding satisfactory employment and this office will be happy to be of all the assistance possible now or in the future.

Permit me to close by preaching a little. Don't expect too much too soon, and remember that you get out of life what you put into it. The age old law that a man gets what he earns has not been repealed. And remember also that there is a spot where all of us can be happy no matter how lowly or how high, if we do the best we can at whatever we are doing.

Best wishes to all,
Emory E. Grayson

WOMEN'S PLACEMENT

Not long ago I happened to pick up a notebook belonging to a successful Stockbridge graduate. I glanced through it and was amazed. I had expected to find a jumble of rough notes. Instead I found a wealth of dates, carefully arranged in logical sequence in note form and presenting interesting reading as well as useful information. The notebook, prepared some years ago in class, had been kept up to date ever since.

While a notebook in itself can never be the key to success, I now realize that sometimes it is one reason why a Stockbridge graduate succeeds, while another does not. In your two years on the campus you have taken courses of study from authorities in your chosen field. In preparing these courses your instructors have combined their experience and knowledge with selected data from many texts. You have received the benefit of this combination, and one of the most readily available assets you now have is your notebook. Seldom will you find the answers to your life's problems in it, but frequently a clue will be there.

Do not let me create the impression that your notebook is all that you got from your course. More important, by far, than this is the influence exerted on you through the personalities of your instructors, and their influence on you is much

greater than you now realize.

Although you are leaving the immediate influence of these men and women, your education is by no means at an end. You have much to learn through experience. But don't wait for experience to find you. Make yourself known to other Stockbridge graduates in your community and gain the benefit of their experience. Observe the work of others including both your colleagues and business rivals. Keep in touch with the University of Massachusetts. In short, keep studying and reading everything that pertains to your field.

To compile the information and knowledge you receive, continue to add to your notebook. If you decide to do nothing else to it, at least keep an up-to-date list of professional organizations, corporations and articles in trade journals associated with your work.

A biographical article written about one of our Stockbridge girls in a recent number of *The New Yorker* magazine showed how this young lady had used the knowledge gained at school, added to it year by year, and in a relatively short time became the leading authority in her field. A success story like this can be repeated.

Carol Burr Cornish
Placement Officer for Women

*1 man returned from a former class.

In view of the fact that there were but 3 seniors in Food Management the course for the second year was discontinued temporarily. These men withdrew and plan to return to complete the second year next fall.

After college opened it developed that there were quite a number of withdrawals that were entirely unexpected. The students had completed the placement requirement and had said nothing about not returning for the senior year. The number of withdrawals was in excess of any previous year and is largely attributable to the war situation, draft and enlistments.

Reasons for the withdrawals

Draft and enlistment	14
Lack of interest and aptitude	7
Lack of finances	6
Change to different major	3
Good employment opportunity	3
Enter college or other school	3
Defense plant	1
Scholastic failure	2
Failure in Placement	2
Unknown	5
TOTAL	46

I feel confident that some of the five listed as unknown are in the military forces, but failed to answer our inquiries.

The reasons for withdrawal given by students as listed above—lack of interest and aptitude 7, change to different major 3, enter other school or college 3, defense plant 1, failure in placement 2, 16 in all are very indicative to me of one of the large values of required Placement Training, in that it gives the student a real opportunity to judge whether or not he has chosen the right vocation, and that is most important. No one will make a real success of, and be happy in work for which he has no real interest and aptitude. It is too bad these men could not have found out this fact sooner by some other method because it cost them a year in time and considerable money. Young people do not always put enough real thought into choosing a vocation. It would have been desirable for these men to have worked at the various occupations before going to school, they should have read more about the field and talked with men already in the type of work they were thinking of pursuing. We learn by experience but seldom by the experience of others. Lowell said, "One thorn of experience is worth a whole wilderness of warnings."

A GOLDEN OPPORTUNITY

For most young men it is much more difficult to get started in farming today than it was 50 years ago. This is due to the large amount of capital necessary to purchase real estate, livestock and equipment. Graduates of the Stockbridge School of Agriculture and the University of Massachusetts have a very unusual opportunity to borrow money without interest for the purpose of getting started in the type of farming of their choice. This has been made possible by what is known as the "Lotta Agricultural Fund."

How did this fund originate? Who was the donor? Why are graduates of the School and the University the recipients of such generosity?

In order to answer these questions it is necessary to go back more than 100 years when in 1847 Charlotte Mignon Crabtree was born in New York City. Better known as Lotta Crabtree, she became one of the most famous American actresses of her time.

Lotta was still an infant when her father, John Crabtree shut his book shop on Nassau Street in 1852 and joined the excited throng going west to the gold fields of California, leaving a vague promise of meeting his wife and daughter in San Francisco the following year. He, like many others, hoped to soon become a millionaire. Yet it was Lotta, not her father, who was destined to reap a harvest of gold in California—and not by digging for it.

Mrs. Crabtree and her daughter Lotta arrived in San Francisco about a year later and John Crabtree was not immediately found. If the mother and daughter were to continue eating it was necessary that Mrs. Crabtree earn some money at once. With some misgivings she decided to make profitable use of Lotta's precocious talents for dancing and singing. Accordingly, Lotta was started on the stage at the age of seven to provide entertainment for the miners. This was the beginning of a long and very successful financial career as an actress.

Lotta Crabtree died in Boston in 1924 at the

Lotta Crabtree

age of 77. She left an estate of about four million dollars according to an article in the March 1948 issue of *Coronet*. This fortune was left to charity. One section of her will set up a permanent fund to help graduates of Massachusetts Agricultural College get started in farming and this money to be loaned without interest.

How this is working out for graduates of this institution is best shown from the annual report of Professor F. H. Branch who investigated 24 applications for loans during the period November 1, 1950 to October 31, 1951. Nine of these applications were graduates of the University and 15 from graduates of the Stockbridge School. The total amount requested in the 24 applications was \$160,400. The individual amounts ranged from \$1200 to \$10,000. For various reasons all 24 requests were not granted, however, 15 requests were granted for the amount of \$88,900.

While it is true that it is difficult to get started in farming today, graduates of the Stockbridge School and the University have a golden opportunity to borrow money without interest for this purpose.

Pop Barrett

In Memoriam

Charles N. DuBois

In Memoriam

When Charlie DuBois first came to Amherst Director Verbeck asked him how recently he had milked a cow.

"Last night," he answered, "Seven."

For his work on our campus he had a very unusual preparation. He had a liberal arts training and did his graduate work, for the most part, on a fellowship at the University of London. But he was also a business college graduate and had had actual experience in secretarial work. He was born and brought up on a Vermont farm. And he had taught. It was obvious that he was peculiarly fitted to assume charge of our Stockbridge School business English.

He was also qualified to handle four-year work and little by little, as he was able to delegate Stockbridge teaching to other instructors, he increased his own four-year program. His course in American poetry has been one of the most popular on the campus.

But he also had a natural gift for administrative work. He carried the load of sectioning fifteen hundred freshmen and sophomores into nearly seventy sections in schedules involving all kinds of conflicts. He was adviser for the college yearbook, *The Index*. He set up and for a while maintained the new campus calendar, in an effort to clear dates and rooms for our many student and faculty activities. And he had just been appointed, on part-time, director of University Extension.

He never, however, lost interest in and contact with the Stockbridge men. Always he taught one section of them. He helped them with their campus news service. He like them, understood them, defended them. He was their friend.

His untimely death leaves not one gap to fill, but many. But the greatest one is that in the hearts of us who knew him.

CROSS COUNTRY

This year saw the birth of a new team at Stockbridge — the cross country squad. Almost all the boys were new at the sport, which offers some explanation of the rather dismal record. The season opened with a loss to the Amherst Varsity over their rugged $4\frac{1}{2}$ mile course, which was followed by another loss to the Amherst Frosh over a course which was 1 mile shorter.

During the ensuing two weeks, Stockbridge ran two practice meets with a mixed team composed of the University Frosh and Jr. Varsity and, though no times were kept, the boys were on the short end of the score.

The following week they traveled to Mount Hermon to run against their Varsity team which had won the N. E. Prep School Championships the week before. Needless to say, Mount Hermon won, but by their own admission Stockbridge was the toughest team they had ever faced.

After a 10 day layoff Deerfield Academy was next on the agenda. Stockbridge put their best foot forward, and also the fastest, to beat Deerfield handily over our $3\frac{1}{2}$ mile home course. After the meet, Lee Chisholm was elected Captain for next year.

Letter winners were: Lee Chisholm, Charles Graves, Robert Nugent and Edgar Webber, Manager.

Front Row, left to right: A. Mudgett, F. Saunders, A. Retelle, A. Uhlig, S. Priest, F. Kelly (Captain), J. Sambade, W. Buckman, H. Heald, J. Hayden. Second Row: S. Kosakowski (Coach), J. Flaherty, R. Gosselin, J. Freitas, F. Martinez, L. Mason, C. Wiggin, J. Ricca, J.

Marshall, A. Smith, D. Dearden. Third Row: G. Andruk, R. Bailey, D. Mead, P. McGrath, P. Elliott, K. Bonney, R. Durgin, R. Frederico, F. Gummow, P. Kelleher. Fourth Row: G. Michaels (Manager), R. Gariepy, R. Cluff, B. Benson, C. Niethold, D. Hawes, Wm. Land, M. Stephens.

Stockbridge completed a most successful season. Though the team was limited to short practice sessions, averaging about one half an hour a night, they were still able to sport a four and one record. With only four letter men returning from last year's team, Coach Steve Kosakowski had a major rebuilding job to do. He attributes the team's success to the fine spirit and the desire of the boys to play the game. Many of the boys never played football but what they lacked in knowledge of the game they made up in intestinal fortitude.

Stockbridge opened the season with a 14-7 win over Vermont Academy, they took Suffield Academy 6-0. The following week they defeated Leicester Junior College 27-0.

A week's layoff because of a postponed game with Monson put Stockbridge up against Williston Academy on a day on which they played their poorest game of the season. Williston took advantage of every break and ended up on the long end of a 25-12 score. Two days later the boys wound up the season with a 27-0 win over Monson.

STOCKBRIDGE FOOTBALL TEAM

BASKETBALL

Freshman Moe LaVallee was high man for the season closely followed by Bob White.

The boys displayed a marvelous team spirit and a fighting will to win which was certainly more than the record indicates.

Paced by Co-Captains Joe Hayden and Jack Marshall and returning lettermen Forrest Saunders, Howie Clark, and Bob White, who just returned from action in Korea; Stockbridge posted a mediocre 5 and 7 record. Lack of depth continually presented itself as the main problem throughout the entire season. However, that department will be well taken care of as a goodly number of freshmen letter winners are expected back next season.

Stockbridge .. 58	Leicester Jr. College ... 56

Letter Winners were: Bailey, Clark, Collins, Hayden, Elliott, Kasparson, Freitas, LaVallee, Marshall, Saunders, Stephens, and White.

Front Row, left to right: Paul Kasprein, Paul Kelher, Robert Bailey, John Marshall (Co-Captain), Joseph Hayden (Co-Captain), Robert White, Forrest Saunders, Joseph Freitas. *Second Row:* David Peterson (Manager), John

Collins, Howard Clark, Robert Wilcox, John Elliott, Morris LaVallee, Melvin Stevens, John Bay, Steve Kosakowski (Coach).

“POP” BARRETT’S MESSAGE

What would you do if you suddenly found yourself the possessor of one million dollars?

Would you keep on doing the things you are now doing? Or would you change the whole course of your future life? Would you travel? Would you buy a farm and operate it for pleasure instead of for profit? Or would you use part of it to gamble on horse races? Perhaps you would be so flabbergasted that it would take considerable time for you to decide just what you would do.

Without any attempt at conducting a Gallup Poll on the subject I put the question to faculty members, secretaries and students, a grand total of 20 people. A great variety of answers were given. Many of the students would buy a farm and various luxuries to go along with it. While others would invest it in different kinds of securities and live off

the income. Setting up an endowment for the family and giving to charity were also mentioned.

“I would take an aspirin to revive me,” one person replied, while another said, “I would probably drop dead.” Two people out of the 20 said that they would keep right on doing the same thing as at present, while one even went so far as to say, “I would not want it, too much responsibility.” One individual said, “I would go out on a toot,” which reminded me of the story of the Prodigal Son.

While I am not sure just what I would do I am more sure of what I would not do. I would not give up my present position and try to find happiness elsewhere for I have found teaching and associations with young people very satisfying and very stimulating. This has given me happiness that I could not buy with a million dollars.

Perhaps my own thoughts in the matter are best expressed by the concluding lines of Robert Frosts’, “Two Tramps in Mud Time,”

My object in living is to unite
My avocation and my vocation
As my two eyes make one in sight.
Only where love and need are one,
And the work is play for mortal stakes,
Is the deed ever really done
For Heaven and the future’s sakes.

Front Row, left to right: Richard Graham, Dudley Laufman, Walter Horgan (Business Manager), Prof. Rollin Barrett (Advisor), Robert Hume (Editor), Jean Squires (Secretary). Second Row: Stanley Brown, Colin Houston,

James Brown, Kenneth Bonney, Wooster Buckingham, Joseph Merchant. Third Row: Eugene Wilder, Robert Nugent, Edward Turner, Charles Niethold, Kenneth McConville, James Mackey.

The 1952 Shorthorn Board, though smaller than those in years past, represents the nucleus around which this book has been formed.

The board itself is made up entirely of volunteer members who give freely and sometimes extensively of their time so that we might have a book of which we can be proud.

Meetings were begun in December and every Monday night found the group wrestling with various problems, often with several conflicting opinions existing. Meetings were promptly adjourned at 9 P.M., if they lasted the full hour, even if business was not completed, so that studies would not be interfered with.

Through our cooperative efforts, allied with those of Mr. Kelton Bush for the publisher, we have created a book which we hope will be appreciated and treasured for years to come.

As the finish of this book and also of our school career approaches, we Shorthorn Board members would like to extend a word of thanks to those who have helped us, convey our best wishes to our classmates, and leave in trust to those who follow us to carry on with pride the name of Stockbridge School.

Editor

SHORTHORN BOARD

KAPPA

The first function held by Kappa Kappa was a smoker to welcome the freshmen on Wednesday, October 10th. Movies were shown and refreshments were served. Another smoker for the freshmen was held Wednesday, October 17th.

The first dance of the year was held November 17. It was a square and round dance preceded by a hay-ride. The square dances were called by Dudley Laufman. Mr. and Mrs. Murray Elliott were the chaperones.

A new inlaid linoleum floor was laid the week before the "Winter Carnival." Kappa Kappa held open house Saturday night, February 16th, the night after the "Winter Carnival Ball." There was dancing to records, and a buffet lunch was served. Mr. and Mrs. Geoffrey Cornish were present as chaperones.

KAPPA

Because of the absence of snow, the snow sculptures were not constructed until the week after the "Carnival Ball." Kappa Kappa's sculpture was built in two scenes, one depicting a wounded American soldier receiving blood plasma on the battlefield in Korea. The other scene showed a man lying on a cot in a blood bank giving his blood. The theme of the sculpture was "Give Blood to the Red Cross."

Kappa Kappa held its annual banquet Thursday night, February 28th, at the Hatfield Club. Sirloin steak was enjoyed by everybody present.

ALPHA TAU GAMMA

The fall of 1951 marked the beginning of a very successful year for the members of Alpha Tau Gamma.

On November third, about 50 Freshmen attended the smoker and watched some exciting movies shown by "Pop" Barrett.

The first dance of the season, "A Record Hop" was held on November ninth. It was well attended, and showed that the boys were working hard to make a success of the house's social activities.

During the first week of December, the new Freshmen and Senior members were initiated. This year, a new approach was made toward the so called informal initiation. It was based on construction rather than destruction. The boys did a marvelous job of cleaning up and redecorating the house. Another addition was the reshingling of the outside walls with asbestos shingles.

An open dance was held on November 30th.

A closed house Christmas party in December ended our 1951 activities. Pop surprised us all very joyfully with his appearance in the role of Santa.

The second semester started off with a bang as the brothers attended the Freshmen reception banquet at Rahah's on February 5th.

The A.T.G. arrangement of a "Sweater Dance" was well accepted, and jammed the house. Bill Rudolph and his partner took first honors. Brad Johnson was the judge, and was confronted with some close competition.

"Come French" was the slogan, and our "Apache Dance" brought about more fun and merriment for the couples who attended. The game room we decorated in the French "Mode," the walls depicting anything that was French. Barrels for tables, candles for light, and everyone for a good time, made this one of the best of the year. Pete Elliot and Diane Kirk took the honors as the typical French Café couple.

The formal banquet was again held at the Roger Smith Hotel in Holyoke, on March 22nd.

The first week of April found the boys cleaning up the grounds and making general repairs to the house.

During the year, "Pop" Barrett presented the house with a handsome sign for the post at the end of the walk. The coat of arms of the fraternity is in gold paint and set in a green background, these being the colors of the fraternity. It is lighted and hangs from a hand-made wrought iron bracket.

We were unfortunate in losing two swell men to the armed services. John Proctor and Richard Sharron both left during the first semester.

There will be many memories passed down among families about that wonderful part of the Stockbridge School — life at A.T.G.

OLD CHAPEL

Faculty

DORIC ALVIANI
Assistant Professor of Music

Instructor of Forestry

HENRY B. PEIRCE
Instructor of English
Harvard University, University of Massa-
chusetts B.A., Carnegie Institute of Tech-
nology. Joined Faculty 1950.

ACKNOWLEDGMENTS

The publishing of this book does not represent the efforts of just the two people whose names are printed on the title page. Instead, it is a composite result of the efforts of many, compiled and edited into what it is hoped to be a valuable and accurate record of the school year.

It is, therefore, quite proper that a full page should be allotted to show our appreciation to certain people for their contributions and to the student body as a whole.

Naturally, our faculty adviser, "Pop" Barrett, is the first one to be recognized as a contributing factor to the success of the Shorthorn year after year. This year, as in many past, he has given much time to coaching us staff members along, pushing when we needed it, and boosting our morale when all seemed to no avail. So, it is most sincerely meant when we say, "Thanks, 'Pop,' for everything."

President Van Meter and Director Verbeck have contributed liberally to the success of the book and we appreciate the message of each.

Thanks are also in order for the Placement Directors, Mr. Grayson and Mrs. Cornish, for the especially good articles on placement. Another person whom very few of us know, but who has played a very important part in the creation of the book is Mr. Kelton Bush, representative for Progress Publishing Associates, Inc. Many thanks for your assistance and help, Mr. Bush.

The class photographer, Mr. Koldy, of Kinsman's studio, is also deserving of our thanks for the tremendous job he has done taking the individual and group pictures for the book.

A list of this sort would not be complete without mentioning the secretaries in the Short Course Office. Miss Martin and Miss Heffernan have been very cooperative and we want them to know we really appreciate their part in this publication.

Finally, we want to thank all the students and faculty members who have helped in any way to make this book a success.
